REPORT
OF THE
COMPTROLLER
OF THE
STATE OF FLORIDA
FOR THE
Year Ending December 31, 1913

W. V. KNOTT, Comptroller.

T. J. Appleyard, State Printer,
Tallahassee, Fla.

Comptroller's Office, State of Florida,
Tallahassee, April 21, 1914.

Hon. Park Trammell,
Governor of Florida,
Capitol.

Dear Sir:—

I have the honor to present herewith a report of the financial condition of the State, and of the operations of this office, for the fiscal year ending December 31st, 1913.

INCREASE IN TAXABLE VALUATIONS.

There has been a steady increase in the assessed valuation of property in this State for a number of years but this has been more marked within the past ten years.

The total assessed valuation of property in 1903, was \$111,333,735.00 which has increased each year so that the present total valuation is \$234,353,846.00.

This shows very satisfactory progress which is beneficial to the tax payer as the tax rate is based upon the valuation of the property, but the actual value of the property in this State is not shown by the assessment rolls.

If the taxable valuation more nearly approximated the actual value of the property the tax rate could be correspondingly reduced.

FINANCIAL CONDITION.

There is no outstanding bonded or floating indebtedness of this State. The bonded indebtedness of Florida consists of manuscript bonds issued to and held by the State Educational Funds, as follows:

State School Fund—

Bond of 1901.....\$242,800.00

Bond of 1903..... 125,367.00 \$368,167.00

State Seminary Fund—

Bond of 1901.....\$ 21,000.00

Bond of 1903..... 76,600.00 \$ 97,600.00

Agricultural College Fund—

Bond of 1901.....\$ 3,900.00

Bond of 1903..... 131,900.00 \$135,800.00

 \$601,567.00

As will be seen by the tabulated statements elsewhere in this report there was a total balance including all funds in the State Treasury on January 1st, 1914, of \$1,467,718.65.

BANKS AND TRUST COMPANIES.

The report of the Banking Department of this office has been published separately and special attention is invited thereto as it exhibits the condition of all of the Banks and Trust Companies under the supervision of this office, as of December 31, 1913, and other information as to the progress that has been made.

COUNTY FINANCES.

The Legislature, at its Session of 1913, enacted a law, the title of which is as follows:

“AN ACT Relating to County Finances, and Providing for the preparation and Filing of Reports thereof by the County Commissioners and Clerk of the Circuit Court of Each County, and to Authorize the Comptroller to Prescribe Forms for and Rules Relating to Such Re-

ports, and to Punish any Violations of This Act or Such Rules."

This Act received the approval of the Governor May 26th, 1913, and became effective, according to the Constitution, sixty days thereafter.

In the performance of the duties imposed upon the Comptroller by this Act, complete and comprehensive forms for the report and public record, required of each county, have been prepared and are now in the hands of the several Clerks of the Circuit Courts, with full instructions as to their use and purpose. A representative of the Comptroller has visited nearly every county in the State and given such aid and instructions to the various Clerks, as seemed to be needed to enable them to understand the proposed system, and for them to be able to begin the work of keeping the records and making the reports as contemplated by the law. Three counties had not been reached by the representative December 31st, 1913, for want of time.

In the purchase of the forms for the record copy, of the report required to be filed in the offices of the Clerks of the Circuit Courts, the order for a supply sufficient to last at least one year was placed, after receiving and opening competitive bids from a number of large printing houses, by this office, these blanks being distributed to the counties according to their several needs and the cost of same apportioned to the counties. By this plan the cost to each county for its supply of these blanks averaged \$13.34, as against a probable cost to each county of \$125.00 had each county made a separate purchase, effecting a saving of approximately \$5,500.00 to the people of the State.

In order to arrive at a basis upon which to predicate the report for the period from July 1st, 1913, to December 31st, 1913, and to ascertain, as a necessary starting point, the balances and outstanding warrants and indebtedness

of the various funds of the counties of the State, on the beginning date of this report a preliminary statement, covering the previous six months, was requested and furnished by most of the counties. In some instances it was found necessary or deemed best to have the preliminary statement verified, and for this purpose a representative of the Comptroller visited a number of the counties. This preliminary statement disclosed that a wide variance existed in the systems and methods of accounting and handling of county financial affairs in the different counties and developed the urgent need of systematising the county accounts and for the supervision provided for by the Act.

The system as provided by the report and record forms, prepared and prescribed by this office under the authority of this law, will result in practically a uniform method of accounting in all the counties of the State, with full publicity of all the acts and doings of the County Commissioners in relation to the handling of county funds. This will inevitably result in more care in the financial management of the counties, tending to greater economy and the stoppage of waste and extravagance to the great benefit of the people.

The Clerks of the Circuit Court and the County Commissioners appear to realize the importance of this law and the good results that will come from it and their cheerful co-operation in the proper execution of the law has been clearly manifested and is deeply appreciated.

Every effort will be put forth, within the means allowed, to have the reports promptly and correctly made and published, to the end that the purpose and intent of the law may be fully carried out and complied with.

INVESTMENT COMPANIES.

("BLUE SKY LAW.")

There was enacted at the Session of the Legislature of

1913, a Law to regulate the sale of stock, bonds and securities in the State of Florida, known as Chapter 6422, being:

"AN ACT to define Domestic and Foreign Investment Companies; to provide for the Regulation and Supervision of the same; to provide Conditions and Terms under which Corporation, Foreign and Domestic, can sell to persons in Florida Stock and other Securities; to place such Investment Companies under the Jurisdiction of the Comptroller and Attorney General, and to Prescribe for the Comptroller and Attorney General certain duties and powers; to provide for the service of process thereon; to provide for the Registration of Agents selling securities of such Investment Companies, and to provide penalties for the violation of the terms of this Act, and for other purposes."

This Law defines every corporation, other than Municipal Corporations, State and National Banks, Trust Companies, Public Utility Corporations, Corporations under the jurisdiction of the Railroad Commission of the State of Florida, and Corporations not organized for profit as "Investment Companies," and requires such Investment Companies before attempting to sell or offering for sale any stocks, bonds or other securities, to file certain financial statements and other documents, and imposes upon the Comptroller, together with the Attorney General, the duty of examining into the statements and documents filed and determining as to the solvency of the Company applicant, and if its constitution and by-laws, its proposed plan of business, and its contracts contain a fair, just and equitable plan for the transaction of business, and to issue to each Company coming within these requirements a "Statement," under which said Company is permitted to do business, and sell or offer for sale its stock, bonds or other securities in this State.

This Act, by its Section 13, became effective July first, 1913.

The responsibilities imposed upon the officers by this law, are of the most serious character. Involving on the one hand the duty of protecting the investing public—the evident and sole purpose of the law—and on the other hand the danger that too rigid requirements of companies seeking admission would result in the discouragement and thwarting of legitimate enterprise.

Every possible effort has been made in the limited time since the law became effective to enforce its provisions and to bring within the supervision contemplated by the Act, every Company coming within the definition of an "Investment Company." A number of companies have filed their statements and documents under this law, and of these seventy-three have been passed and "Statements" issued to them, and Thirteen have been rejected and "Statements" denied, while there are a few companies upon which decisions are still pending.

But the main and greatest good accomplished by this law lies, not in the number of Companies admitted or rejected, but in the fact that so many of that class of companies at which the law was particularly aimed,—companies organized solely for promotion of stock sales—which heretofore found the State of Florida a fruitful field, now steer clear of the law and do not attempt to comply with its provisions, or to conduct their swindling operations in the State.

In this way this law has accomplished great good and thousands of dollars have been saved to the people of the State by its enactment.

PENSIONS.

The Legislature of 1913 enacted a new pension law more liberal in its terms than the pension law of 1909 and in

most respects the most liberal pension law the State has ever had. The new law became effective on July 1st, 1913. At that time there were on the pension roll 4,841 pensioners who were being paid pensions. Of that number 2,572 were ex-Confederate soldiers and 2,269 were widows of Confederate soldiers. Under the act of 1909 the rate of pay for soldier pensioners had been from \$100 per annum to \$150 per annum, with the larger portion of the pensioners drawing \$120. Under that law all the widow pensioners were entitled to draw \$120 per annum. Upon the new law going into effect the minimum rate of pay for the soldiers' pensions was increased to \$120 per annum and under the provisions of the law most of the soldier pensioners are drawing \$150 per annum. Under the new law more than one-half of the widow pensioners were increased in their rate of pay from \$120 to \$150 per annum. This was due to a provision of the new law giving \$150 per annum to widows of soldiers who had enlisted in the State of Florida. Quite a number of applicants for pension were made eligible under the new law who were not theretofore eligible to draw, either on account of service, residence or citizenship in the State, or date of marriage. Because of the above-mentioned facts the payments on accounts of pensions have very materially increased.

NUMBER OF PENSIONERS.

Total pensioners on the roll July 1st, 1913.....	4,841
Added to roll during the 6 months.....	497
	5,338
Lost from roll by reason of death, etc.....	147
Total pensioners on roll Dec. 31st, 1913.....	5,191

AMOUNT OF PAYMENTS.

For three months ending Mch. 31, 1913...	\$149,299.86
For three months ending Jun. 30, 1913...	148,897.61
For three months ending Sep. 30, 1913...	146,450.28
For three months ending Dec. 31, 1913...	174,249.49
Total for year.....	\$618,897.24

RECEIPTS AND BALANCES.

The balance in the fund Jan. 1st, 1913 was \$315,940.93. The excess in receipts over expenditures in this fund was sufficient to materially increase this balance, which on December 31st, 1913, was \$492,502.79.

REDUCTION IN TAX LEVY RECOMMENDED.

For the past four years the millage levied has been 4 mills for pensions and the new law provided for a four-mill levy, but also provided for a reduction in the millage levied for this fund the same as in the case of the millage levied for general revenue purposes, whenever the Governor deemed it expedient to make such reduction.

While the high tide of pension payments probably will not be reached until the first or second quarter of next year (1914), it is my opinion that the large balance on hand—nearly half a million dollars—with the constantly increasing revenue, will justify a reduction in the tax millage levied for this fund without danger of depleting the fund to such extent as to prevent prompt payments to pensioners. This reduction is respectfully recommended and at the proper time estimates will be available to show what amount of reduction in the tax will be advisable.

PUBLIC PROPERTY.

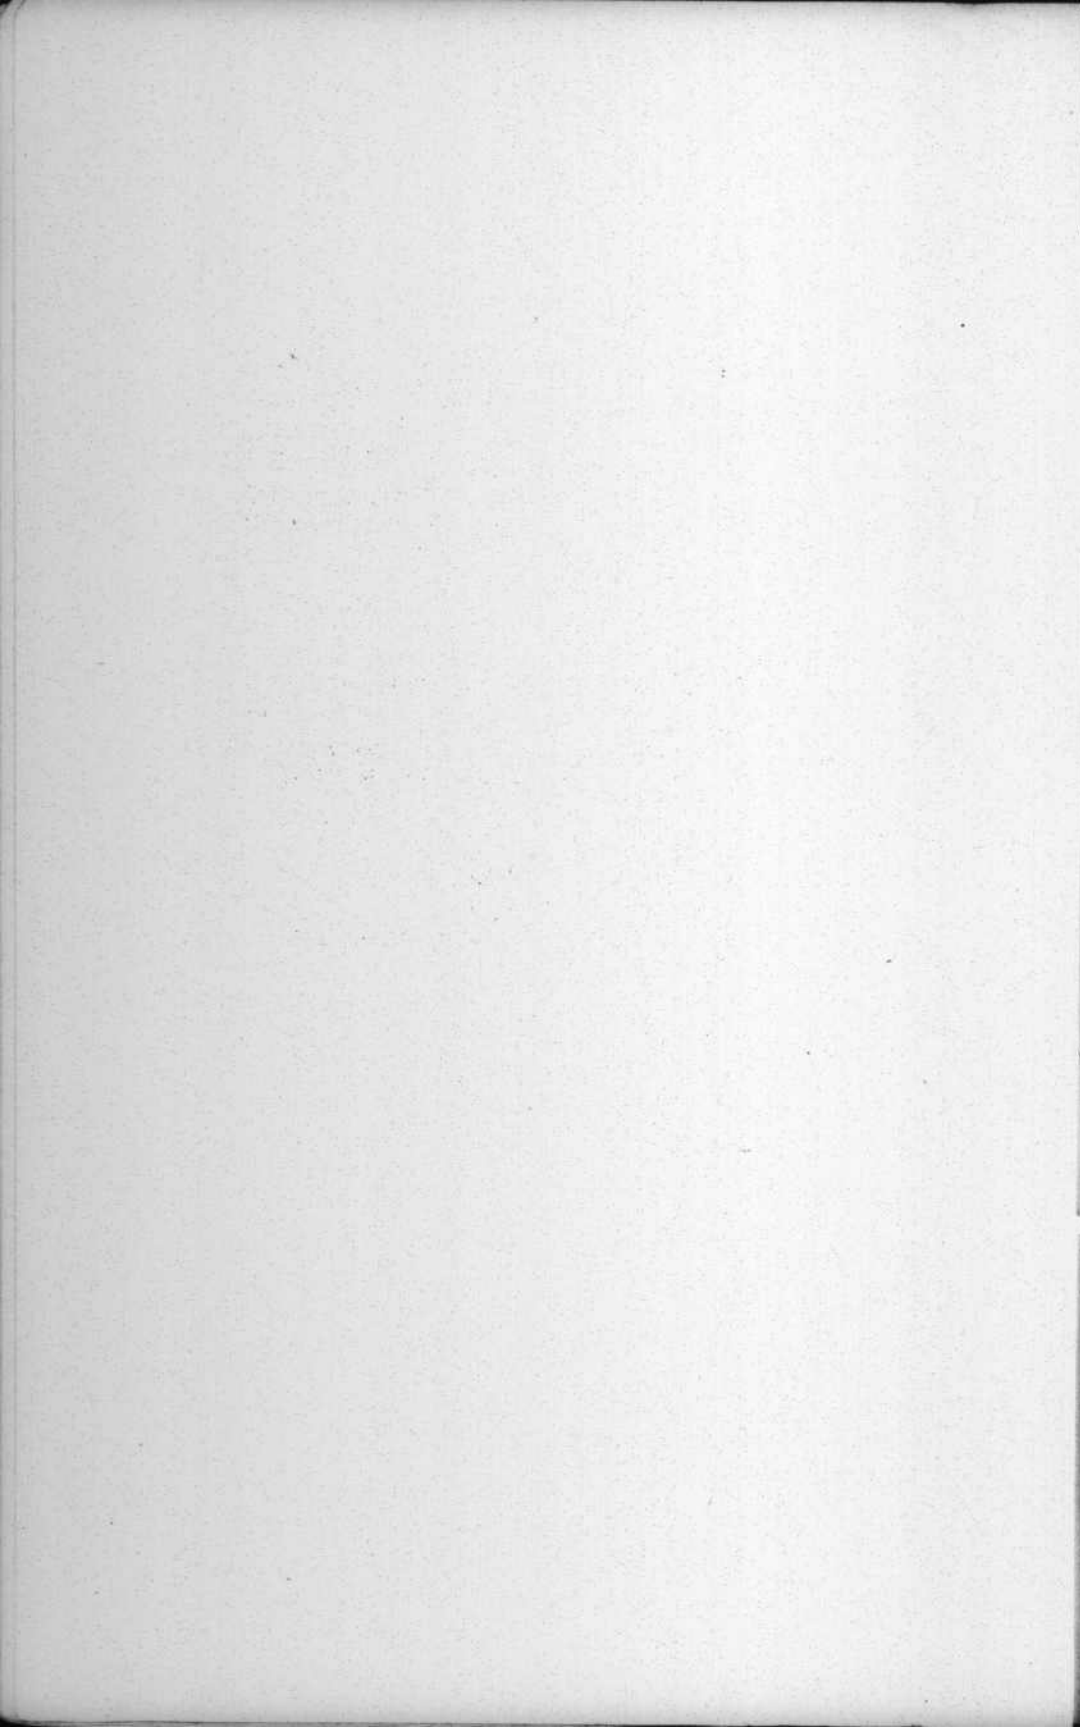

It was deemed to be of interest to the tax payers to be advised as to the property owned and used by the State and a list of all such property, except that used for military purposes, has been prepared and appears elsewhere in this report with an approximate valuation thereon based upon the best information that could be obtained.

CONCLUSION.

The statements appended hereto and made a part of this report exhibit in a condensed form the transactions of this office arranged with the view of conveying full information as to the financial affairs of the State as shown by the records of this office.

Respectfully submitted,

W. V. KNOTT, Comptroller.
